Defendants

CASE NO. <sup>R</sup>07-4524 JL

MOTION FOR RECONSIDERATION:  
(Special circumstances)

I Michael C. Davis, Plaintiff is asking this Honorable court for Reconsideration for counselor. I believe that is warranted special circumstances that I would try too point out in this motion. First I would like too point out to the court that I had exhausted all my remedies. (If needed) I would like too this court that I understand the social security adm. 60 days unfavorable disposition rules. I don't believe that applies in case, because I never had gotten any unfavorable disposition from the SSA at all. that only applies too people that are trying to get benefits, or ~~but~~ violated any of SSA laws. I would like to point out too —

this court that I'm not at fault. I'm on SSI also Bosolmuse, (Defendants in this case admits they had returned my \$880.00 back too SSA by LAW. but SSA claim that Boss didn't give them any money (\$880.00) Now, where's the money? I never gotten it; SSA and Boss had me running back and forth too each other. I'm sick of it. At one time they had me arrested (SSA) behind this in Washington I had explain this matter when I went to us court. us court dropped all charges (they understood) I'm asking this honorable court to reconsider and grant this motion. I believe special circumstances is warranted.

Yours Truly,

Michael C. G.

And also -
